

DEMANDS CAPITAL RETIRE FROM ROADS

TAKE PROPOSAL TO CONGRESS TOMORROW EXPECT DEVELOPMENT IN LIVING COST WAR TODAY

TAKE PROPOSAL TO CONGRESS TOMORROW Demand Tri Partite Control as Living Cost Remedy

WASHINGTON, Aug. 4.—Organized labor came out today with the unequivocal, formal demand that private capital be retired from the railroads.

A tri-partite control composed of the public, the operating management and the employees is demanded.

Addressed to the American public and signed by the engineers, the firemen, the conductors and the American Federation of Labor, a formal statement was issued announcing this proposal which will be carried before congress Wednesday.

"It marks," says the statement, "the step by which organized labor passes from the demands for wage increases to demands that the system of profits in industry be overhauled."

This sentence sums up the proposal of which there have been hints and indications, but which is now laid before the country for the first time. Everywhere in official Washington it is recognized as the most serious and far-reaching proposition the country will be called on to face.

Characterizing the proposal as "labor's bill," it is put forth as a remedy for the high cost of living, because, the railroads are the key industry of the nation.

It demands the "genuine co-operation and partnership based on a real community of interest and participation in control" of which President Wilson spoke to congress and which the statement says has been ignored by labor and the private owners of the railroads.

Want Roads Vested in the Public "We ask," it says, "that the railroads of the United States be vested in the public; that those actually engaged in conducting that industry, not from Wall Street but from the railroad offices and yards and out on the railroad lines, shall take charge of this service for the public."

Briefly, labor's plan demands: That private capital be eliminated from the railroads. That the private owners receive for them government bonds, with a fixed interest return for every honest dollar that they have invested.

That the tri-partite control be established in corporations in which shall lease the roads and in which the public, the operating management and labor shall be represented equally.

That the public, the operators and the wage earners share equally all revenue in excess of the guarantee to private capital, by granting to the operators and the employees one half of the savings which are expected to be made by such a perfected organization and to the public the other half as consumers, either by increasing service without adding costs of operation.

The trainmen are not represented in the statement, because W. G. Lee, president of the Brotherhood was out of the city, but it was said they would join it.

The statement follows:

"The innocuous in telegraphed dispatches from Washington, appearing also in the speech of Representative Blanton of Texas, that the railroad unions are holding up congress and the government may as well cease. This appeal is made to the American people direct. It invokes the judgment and common sense of public sentiment of all the public which earns a wage or stipend. We recognize that the only way in which we can exist under the present system is to demand further increases in wages. But we argue with Representative Blanton that this affords but temporary relief. It does not offer a remedy.

"That this role originates with labor is merely because labor happens to have firm organizations thru which it may become articulate. It is not to benefit labor as labor alone; it is to benefit the consuming public of which labor at present is the audible part. In labor's bill providing that the public takes over the railroads and establish a tri-partite control between the public, the railway operating management and the employees, the labor organizations of America have established this

Plan Peace Time Army of 510,000 Men

WASHINGTON, Aug. 4.—Maintenance of one field army with a war strength of 1,250,000 men is proposed in a bill establishing a permanent military policy which was sent to congress today by Secretary Baker.

Would Have 510,000 Regulars The active force of this army would be 510,000 regulars while the remainder would be young men who had taken a three months' military training course, which would be compulsory for all 19 year old youths. This reserve strength would be used to fill out the 20 infantry divisions and one cavalry into which it is proposed to divide the regular army.

Under the army's plan, youths would be subject to military service for two years after completing the course of military training and in the event of war the selective service act in force during the great war would become operative.

No Change in National Guard No change in the existing law with regard to the organization of the national guard and its relation to the regular army was suggested. Mr. Baker said it was assumed that the national defense act federalizing the guard would be retained in force.

The plan for registering youths of 19 years is the same with slight modifications that was applied during the war under the selective service act. The bill provides for the appointment of local and appeal boards, compensation at the rate of \$10 for every day of actual service by board officials, being prescribed.

Exemption from training would be given only to members of the regular army and navy honorably discharged soldiers and sailors and members of the coast guard, mariners actually employed in sea service and "persons permanently physically, mentally or morally unfit for any military service whatever."

Figure on 600,000 Each Year Under such exemptions clauses, the average number of boys of 19 to be found qualified for training each year would be approximately 600,000. This number from the last annual class to have been trained would be held ready for immediate mobilization at all times.

Secretary Baker said in a letter accompanying the bill that the plan had not yet been referred to General Pershing, but that pending his return from France, it could be used as the basis for hearings which the senate military committee is to have before drafting legislation establishing a permanent military policy.

"The bill as drawn," said Secretary Baker, "provides for a system of universal training for a very brief period applicable to all male citizens with suitable provision for exemptions and deferments."

No Reserve Obligation "It does not, however, provide for any reserve obligation since it is unnecessary with a system of universal service in time of emergency. The period suggested for training is brief, but not too brief it is believed to secure a careful stock taking of the health and physical condition of the young manhood of the nation and the institution of such remedial measures as may be practical, nor too brief to militate the habits or derelictions of the youth, and self care which proved so valuable in the recent training of men preparing for active military service. Nor is this period believed to be too brief to entail great advantage to the country should any future emergency require it to call for service."

JAPAN TO MAKE KNOWN PURPOSE IN SHANTUNG

Tokio May Even Set Date for the Restoration

WASHINGTON, Aug. 4.—Japan's intentions in the Chinese province of Shantung where she is given control by the Versailles treaty, soon are to be set forth in a formal declaration from the Tokyo government according to information received today in official circles here. Also the exact forecast of the declaration was not made until Friday night at which time plans will be discussed and some general program agreed upon. At the suggestion of Edward Loneragan, the council and committee invited the Trades Assembly and the Chamber of Commerce each to elect a member of the committee. Mayor Crabtree thought this an excellent plan, that the committee should be just as representative as possible.

Will Audit Accounts. It was the consensus of opinion that one of the first duties of the joint committee will be to arrange for an audit or report of the city's finances which will show to whom Jacksonville owes money and for what purposes the money has been expended.

Another important matter given attention was the adoption of the resolution presented by Alderman Flynn providing that the council co-operate with a committee from the Trades Assembly and citizens at large, to arrange for the purchase of a carload of cured meat from the government supplies, which are to be placed upon the market thru the post office department.

Mr. Kraft, representing the American Mausoleum Co., was present and explained the wish of the company to erect a mausoleum in Diamond Grove cemetery here. The company asked for a site without charge, would provide the city with five crypts and the mausoleum would include a chapel which would be available for the public. Alderman Moore, chairman of the cemetery committee, has had the matter under consideration for some time and all the details were presented to the council last night. The whole proposal was referred to the cemetery committee and Alderman Chapin for a later report.

To Ignore Anonymous Letters Alderman Cain brought to attention a number of anonymous communications which the police department had received. Mr. Crabtree mentioned communications of the same kind that have come to him and by unanimous vote the council went on record to indicate disapproval of these anonymous communications and the statement that such letters will receive scant consideration.

After the reading of the minutes the bills on file were read and ordered paid as soon as funds are available.

Various members of the citizens committee were called upon by the mayor. A. W. Becker expressed the view that most people are in favor of a bond issue when they understand the facts. He believed that some statement of the city's finances should be made in a way that would make all the facts plain.

John J. Reese said that a conference of the joint committee should be held soon and he said that he was in favor of suggesting bonds for three purposes: first, to pay debts, second to furnish the filtration plant, third to consolidate the light plant with the south pumping station. He said this would save at least \$3,000 a year and the saving in ten years would pay for the whole bond issue for the three purposes mentioned.

Mrs. Clarence York and Miss Josephine Hairgrove, the latter came as a substitute for Mrs. A. C. Baldwin, both expressed themselves in favor of the bond issue since there seemed no other course. Edward Loneragan expressed the thought that the city owed the debt, that there seems to be but one way to pay it, but the people must know all the facts and then will readily do the right thing.

Debits Must Be Paid. Dr. Baker, chairman of the citizens committee reiterated the statements previously made that he favored the bond issue because it seems to be the only feasible way to pay the city's debts, and said that if the people were made to understand the real situation that he had no doubt as to the result.

Bernard Gause laid emphasis on the fact that four bond issues had been turned down by the people in the last three years and that

COUNCIL PLANS FOR CAR OF U. S. FOODSTUFFS

JOINT COMMITTEE TO CO-OPERATE WITH POSTMASTER

Bond Issue Possibilities Discussed at Monday Session—All Financial Facts Will Be Published—No Attention for Anonymous Communications—Weeds Must Be Cut.

Members of the citizens committee met informally with members of the city council Monday night and in the resulting discussion most of the citizens present expressed themselves on the proposed bond issue. It was determined that a joint meeting of the council and citizens committee will be held next Friday night at which time plans will be discussed and some general program agreed upon. At the suggestion of Edward Loneragan, the council and committee invited the Trades Assembly and the Chamber of Commerce each to elect a member of the committee. Mayor Crabtree thought this an excellent plan, that the committee should be just as representative as possible.

It was the consensus of opinion that one of the first duties of the joint committee will be to arrange for an audit or report of the city's finances which will show to whom Jacksonville owes money and for what purposes the money has been expended.

Another important matter given attention was the adoption of the resolution presented by Alderman Flynn providing that the council co-operate with a committee from the Trades Assembly and citizens at large, to arrange for the purchase of a carload of cured meat from the government supplies, which are to be placed upon the market thru the post office department.

Mr. Kraft, representing the American Mausoleum Co., was present and explained the wish of the company to erect a mausoleum in Diamond Grove cemetery here. The company asked for a site without charge, would provide the city with five crypts and the mausoleum would include a chapel which would be available for the public. Alderman Moore, chairman of the cemetery committee, has had the matter under consideration for some time and all the details were presented to the council last night. The whole proposal was referred to the cemetery committee and Alderman Chapin for a later report.

To Ignore Anonymous Letters Alderman Cain brought to attention a number of anonymous communications which the police department had received. Mr. Crabtree mentioned communications of the same kind that have come to him and by unanimous vote the council went on record to indicate disapproval of these anonymous communications and the statement that such letters will receive scant consideration.

After the reading of the minutes the bills on file were read and ordered paid as soon as funds are available.

Various members of the citizens committee were called upon by the mayor. A. W. Becker expressed the view that most people are in favor of a bond issue when they understand the facts. He believed that some statement of the city's finances should be made in a way that would make all the facts plain.

John J. Reese said that a conference of the joint committee should be held soon and he said that he was in favor of suggesting bonds for three purposes: first, to pay debts, second to furnish the filtration plant, third to consolidate the light plant with the south pumping station. He said this would save at least \$3,000 a year and the saving in ten years would pay for the whole bond issue for the three purposes mentioned.

Mrs. Clarence York and Miss Josephine Hairgrove, the latter came as a substitute for Mrs. A. C. Baldwin, both expressed themselves in favor of the bond issue since there seemed no other course. Debits Must Be Paid. Dr. Baker, chairman of the citizens committee reiterated the statements previously made that he favored the bond issue because it seems to be the only feasible way to pay the city's debts, and said that if the people were made to understand the real situation that he had no doubt as to the result.

Bernard Gause laid emphasis on the fact that four bond issues had been turned down by the people in the last three years and that

Sherman Charges Wilson With Inconsistency

WASHINGTON, Aug. 4.—Senator Sherman, Republican, Illinois, in an address in the senate today on the peace treaty, charged President Wilson with inconsistency in opposing Italy's claim to Fiume while supporting Japan's claims to Shantung.

"A league of nations born of repudiation of Italy's claims and the spoliation of China is cursed from birth with an irredeemable outrage on the rights of two ancient and friendly powers," said Mr. Sherman. "Fiume is Italian blood, language and traditions Italy is justified in asking to resume the natural relations existing between Fiume and the mother country."

"Shantung is given Japan pursuant to a secret treaty. It was the price of Japan's permission to China to declare war with the allies."

"Japan's sacrifices are unworthy of mention with those of Italy. Her military forces fought the German in Shantung to seize the proceeds of Germany's robbery of China. Neither international law nor the new code of international morals based on the condemnation of secret treaties can justify the plunder of China. The league of nations and the peace treaty will be condemned by the impartial historian for the sanction of this flagrant crime."

"President Wilson brands his denunciation of secret treaties with insincerity when he refuses Fiume to Italy after her heroic sacrifices and delivers Shantung to Japan in obedience to secret treaties after her course of studied selfishness in the great war."

to make clear all the financial facts, he suggested that an audit by experts was not necessary, that a committee of citizens, of which he would be glad to be one, could co-operating with the city clerk compile the necessary figures to give the information wanted.

R. A. Gates said that an audit to be really satisfactory to the people should be made by some non-resident of Jacksonville. Mr. Gates took occasion to say that he had recently seen the monthly statement prepared by the city clerk in accordance with the bookkeeping system established by the Price Waterhouse Co., and that it was the only comprehensive city statement that he had ever seen. He said there had been department reports before but nothing of this kind, and that he wanted to compliment the city and city clerk on it. It is possible that Mr. Gates may be advised as to the bookkeeping matter.

Clarence York was another citizen who spoke and expressed himself as strongly in favor of the bond issue. Dr. Baker brought up the question of securing a car of government food for Jacksonville but was informed by the city clerk that Alderman Flynn already had a resolution ready which covered the matter.

First Ward Walks. Alderman McGinnis brought to attention some walks in the first ward. He referred to George Hamilton who was present, and some discussion of the North East street walks resulted. This matter was referred to the highway committee.

Alderman Flynn again referred to the need for cleaning manholes of the city sewer system but as this work would cost about \$1,000 and no money is available no action was taken.

The often mentioned question of weeds was considered and Mayor Crabtree said that complaints were so frequent and vigorous that something must be done. He suggested that the complaints all be turned over to the police department, the people notified that they must cut their weeds, given three days to accomplish the work and then if it was not done to serve warrants.

Talk About Sewers. G. B. Kendall and D. J. Staley asked permission to have the private sewer on Michigan avenue covered with the Clay avenue sewer. Bernard Gause objected to this on the ground that the Clay avenue sewer is already overloaded. The matter was referred to City Engineer Henderson, Street Commissioner White and the sewer committee.

V. L. Kraft of the American Mausoleum Construction Co., then addressed the council and explained the plan which his company wishes to follow here. Mr. Kraft was asked to furnish the list of cities where his company now has mausoleums. The resolution presented by Alderman Flynn with reference to car of foodstuffs was passed unanimously and is as follows:

TELL WILSON ALL RAIL MEN OPPOSE HIS PLAN

Head of Six Big Railway Shop Crafts Visit White House

WASHINGTON, Aug. 4.—President Wilson was told by B. M. Jewell, acting president of the railway division of the American Federation of Labor, that all railroad employees were opposed to the proposal made to the president by Director General Hines that congress constitute a committee to pass on questions of wage increases for the men. He said this process would be too slow and because of the rising cost of living speedy relief was necessary.

Urges Prompt Action. Mr. Jewell was accompanied to the white house by the heads of the six big railway shop crafts, who pointed out to the president that thousands of the shopmen were now on an unauthorized strike, and that unless the demands of these men for wage increases approximately twenty five per cent presented last January, were granted, promptly, the situation would get beyond control of the union officials.

Efforts are being made by the union leaders to get the strikers to return to work, the president was told, if a strike should become necessary in order to enforce the demands of the shopmen, the president was informed, union officials felt it should be conducted only after a vote by the union's membership.

To Mail Strike Ballots. Strike ballots will be mailed to 500,000 shopmen tomorrow. Mr. Jewell announced after a meeting of the six shop craft officials which followed the call on the president. The vote will be tabulated Aug. 24. After the conference with the president, Mr. Jewell declared emphatically that if congress passed the legislation proposed by Director General Hines, "we'll tell the railroads up so tight that they'll never run."

President Wilson, the union official said, appeared to recognize the seriousness of the situation but did not indicate any intention to recede from his attitude that he had not the power to grant the increases.

"President Wilson told us frankly," said Mr. Jewell, "that while every agency of the government was working on plans to bring relief from the high cost of living, the country could not expect a reduction to pre-war standards for a good many years to come. He made clear that what the government now was doing would take time and immediate relief should not be looked for."

Confers With Hines. Earlier in the day the union officials conferred with Mr. Hines at his request and informed him also that railroad employees were a unit in opposing his plan for the congress authorization committee.

The director general said he had no other solution, according to Mr. Jewell and insisted he also had not the authority to grant the increases demanded.

Predict Freight Tie-Up. Chicago, Aug. 4.—A tie-up soon of freight traffic in the central west as a result of the strike of railway shopmen was the prediction tonight of L. W. Hawver, president of the Chicago Council of the Federated Shopmen's Union after he had received reports from additional points telling of the walkout today of shop employees. He said that a total of 250,000 shopmen were now on strike and that before Wednesday night 75 per cent of the members would be out.

Additional shops on the Rock Island lines were reported closed because shopmen had left their work.

"The situation is encouraging from our viewpoint," President Hawver said. "All work in the shops of the Chicago & Northwestern lines is tied up and they will soon have trouble handling the mail."

S. G. Stickland, federal manager of the Northwestern railroad tonight said that the strike of shopmen had considerably hampered freight movement in many divisions and that nearly all repair work had stopped in the Chicago shops. He said that additional men walk out freight shipments may be tied up in a week's time. Passenger traffic, he said, will also suffer.

Takes Issue With Council For Brewers

WASHINGTON, August 4.—Wayne B. Wheeler, counsel for the anti-saloon league of America took issue today with the opinion of Elihu Root, M. D. Guthrie and William Marbury, counsel for the U. S. Brewers' association that the proposed war prohibition enforcement act is unconstitutional. Mr. Wheeler also denied that the league forces intended to start an anti-tobacco campaign.

"If the authority of congress to enact the war prohibition law," Mr. Wheeler rests on the provisions in the constitution which gives congress power to support the army and navy. The power and obligation extends through the demobilization. The courts have so held. Congress evidently intended to prohibit all beer and wine in the original act. Some of the courts hold the act does this. Others hold differently. Congress is simply trying to make clear the intention of the original act."

"It is now well settled by the supreme court that if congress has power to enact a law, it also has the power to enact additional legislation to make the original act effective and enforceable. To define the term intoxicating liquor is necessary to make the act enforceable especially where courts have defeated its purpose by construction."

Referring to charges of the association opposed to national prohibition that the anti-saloon league was actively aiding in a campaign of the W. C. T. U. against tobacco, Mr. Wheeler said: "The anti-tobacco scarecrow of the anti-prohibition association does not fool anyone. The Anti-Saloon League forces have no intention to start this crusade. The liquor traffic is a public nuisance. The tobacco habit may be a private or personal bad habit, but it is not in the same class as intoxicating liquor."

COBLENZ TO BECOME U. S. A. HEADQUARTERS

COBLENZ, Saturday, Aug. 2.—By Courier to Paris.—(By The Associated Press.)—Coblentz will become the headquarters of the American forces in Europe when American grand headquarters in Paris are closed about August 20, it became known today when General Pershing arrived here on his final tour of the battle fields. Antwerp will be the base port for the American contingent that is to remain on the Rhine indefinitely.

General Pershing said he intended to sail from Brest about September 1. It was said to be probable that the composite regiment of picked men that marched in the Paris and London victory parades will sail with the American commander-in-chief.

General Pershing arrived here yesterday and spent the afternoon with Major General Henry T. Allen. They discussed the personnel of the permanent garrison that is to remain here after the departure of the 3rd division next week and the first division of the middle of August. General Pershing said the area to be occupied by the Americans on the Rhine has not been determined by the inter-allied council but that a decision is expected soon.

The French have virtually completed plans to take over the districts to be evacuated by the home ward bound American units.

GUARD KILLS HUNGARIAN LEADER

VIENNA, Saturday, Aug. 2.—(By The A. P.)—Thor Szamuel, one of the most prominent of the Hungarian communist leaders, was shot and killed last night, while he was crossing the frontier near Fuerstfeld, by a guard whose brother, a farmer Szamuel had been executed. As he was dying Szamuel exclaimed: "I was the only enemy of the enemies of the proletariat."

The death of Szamuel was reported in a Copenhagen dispatch on Sunday, which said it was uncertain whether he had killed himself or was shot down by gendarmes who stopped him at the frontier. Szamuel was one of the triumvirate which recently was reported to have proclaimed a dictatorship in Budapest in opposition to the Bela Kun regime.

MEXICANS RELEASE SHIPLEY

Washington, Aug. 4.—Lawrence L. Shipley of Yerrington, Nevada, who was kidnapped near Fresno, Mexico, July 19, has been released, the state department was advised today from Mexico City. The report did not indicate the identity of those who captured Shipley or whether a ransom had been paid.

MRS. STEPHENSON DIES

Marquette, Wis., Aug. 4.—Mrs. S. M. Stephenson, 77, widow of the late congressman Samuel N. Stephenson of Menominee, Mich., died Sunday after a long illness due to pernicious anemia. Four

OFFICIALS TO HOLD SECOND MEETING TODAY

President May Receive Recommendations After Conference

WASHINGTON, Aug. 4.—Recommendations to President Wilson as to how the government should proceed in its efforts to lower the cost of living are expected to result from the second meeting tomorrow of cabinet members and other officials called into conference by Attorney General Palmer.

There was no indication tonight of how the conference would view the problem.

Keen on Decision Director General of Railroads Hines, Assistant Secretary of the Treasury Leffingwell and Chairman Colver of the federal trade commission appointed a committee to present suggestions to the conference have been engaged in an exchange of memoranda, but it was said they had reached no decision as to what steps should be taken.

That President Wilson was taking a deep interest in the situation was indicated again today when without announcement he called at the offices of the federal trade commission and held a conference with Chairman Colver and Commissioner Murdock. Neither of the two commission members would discuss the subjects brought up at the conference but admitted that it dealt with phases of the living cost problem.

Palmer Summons Clyne Attorney General Palmer has summoned District Attorney Clyne of Chicago to report on the progress of investigations which have been under way there. Mr. Clyne's visit was regarded as significant also because an early decision is expected by the attorney general as to whether information submitted by the federal trade commission warrants prosecutions against the "big five" packing companies.

High prices and the resulting unrest expressed in strike threats by hundreds of thousands of railroad men occupied much of the time of the senate today. Senators from wheat growing states asserted that the government guaranteed price of \$2.26 a bushel was not responsible for the high cost of bread, declaring that wheat was selling at terminals at higher figures.

Senator Grout of North Dakota said the crop would be nearer 650,000,000 bushels than 1,250,000,000 bushels forecast by the department of agriculture. Suggestions that the food administration be revived to control prices led Senator Grout to say that the packers and all food dealers never made higher prices than under the war licensing system.

Several senators declared there was ample law to punish profiteering.

Urges Curbing of Speculation Senator Borah of Idaho urged that speculation be curbed. Senator Reed deplored efforts to finance and feed Europe.

Condemnation of extravagance on the part of the public was heard in several quarters today.

It is considered probable that the treasury may begin another campaign for money by urging popular investment in treasury certificates and savings stamps as a means of easing the situation.

SHOOTING PROFESSORS. Berkeley, Cal., Aug. 4.—Professors J. H. Hildebrand and Edwin P. O'Neill of the chemistry department of the University of California were shot and wounded today by Roger Sprague, who accused them of opposing his application for appointment as instructor in chemistry.

WEATHER INDICATIONS AND TEMPERATURES

ILLINOIS: Partly cloudy with conditions favorable for local thunderstorms Tuesday, Wednesday generally fair, continued warm.

Member the ASSOCIATED PRESS. The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it or not otherwise credited to this paper.

Nebraska now has six state departments and many commissions are abolished by the state law recently enacted. No doubt Nebraska profited by the excellent example Illinois set in this matter under the leadership of Governor Lowden.

A car load of food stuffs from the government surplus is to be ordered for Jacksonville. It will be a "cash and carry" system with the stock stored at the post office, and Post Master Dunlap and his assistants serving as market clerks. There will be a scramble when that car arrives if the "price and quality" are as advertised.

LET TO THE PEOPLE.

Surely the people have come into their own these days. They get to express their views on every subject and then the majority rules. Now an election has been called by the Board of Education. The people will decide whether or not the high school building shall be erected now; whether or not more bonds shall be issued for building purposes.

Since the high school building is to cost about \$100,000 instead of \$200,000 the decision of the board to "put the questions up to the people" is well ordered. A board of education election costs only a few dollars for the board members serve as election officials without salaries.

WILL KNOW ALL THE FACTS.

The city council and citizens committee had a satisfactory conference Monday night with reference to a proposed bond issue. Another conference will be held Friday night and representatives of the Trades Assembly and the Chamber of Commerce are to be asked to join the committee. The idea is to have a joint body thoroughly representative and so it should be.

Thus such an organized committee the people certainly can come into an accurate knowledge of all the facts regarding the city's financial condition. Then they can act as their judgment

dictates. That's what the Council wants—the people to understand the real conditions and then to indicate their wishes.

The paralysis of business which directly follows the suspension of service of any of the public utilities—electric, gas, telephone or transportation—has been clearly illustrated by happenings at Denver and Boston following the street railway strikes at those places. A canvass of the business houses showed that trade fell away more than one half, the loss to the merchants being tremendous. Advertisement of the strikes outside the cities not only damaged their credit, but kept thousands of visitors away.

The same conditions obtained more recently in Chicago and citizens there were fortunate indeed in having the strike of the carmen come to such a speedy end.

LESSONS FROM EGYPT.

In connection with the Hotel Men's convention in Chicago this week there will be exhibits of dehydrated products and people are expected to find out how the ancient Egyptians reduced the high cost of living. The theory is that by this process it will be possible for people to "dehydrate" vegetables at the time they are plentiful and cheap and use them when prices are higher. But do you remember any recent time when the word "cheap" could properly apply to fruit or vegetables?

IT'S A GREAT BIG QUESTION.

If the railroad shopmen who are "out" in a peaceful orderly way get an increase in wages it will help them individually for a time at least. If instead they make such an impression that Washington finds a way to cut living costs, then all of us will get the benefit. Meanwhile it's a big question just what the government can do by legislation to fix the prices at which commodities are to be sold.

It was done in war time, but whether lawfully that is another matter. Certain it is that when prices do go down to any extent farm products will be selling on lower levels. These things on the farms are the basic food stuffs, the "meat and bread" of society.

LIGHT ON THE ROAD AHEAD.

You have been motoring—or otherwise proceeding—along a fairly good road with nothing to indicate that it would not continue fairly good, and then you have run suddenly into an impassable place, mired down, and had 17 assorted samples of hades getting out. Everybody else has had the same experience—road maps to the contrary notwithstanding. The road map is a good thing, but it shows what the road used to be, not necessarily as it is. Roads change—mightily rapidly, sometimes. If there were some way of knowing what the road is today, of reading it on a card or map like you do the weather, for instance—

Well, that is one of the things that the United States Department of Agriculture is undertaking to arrange for you. Henceforth, the weather bulletins will show the road conditions. The work was begun by the Weather Bureau as an aid to winning the war. At first the service applied merely to motor transportation in some Eastern States. Then the demand for it became pretty general and very insistent. So, with an special appropriation to take care of it, the Weather Bureau is undertaking in certain States to add daily news of road conditions to its other services.

Rippling Rhymes

toms of despair. I am prone to vain repining, when I strike a vein of grief; it's my nature to be whining, and to paw around and beef; but by long and earnest prayer, I've acquired a cheerful front, and I chortle when the fact is, I'm not so much as I once was. Let the tinnest griefs assemble, they will think I'm not afraid; though my rabbit heart may tremble, I'll pretend I'm undismayed. And the bluff will work, I'll bet you; and 'twill work as well for you; don't let worry scare or fret you; face the beast, and mutter "Shoo!" Nerve's a thing that some inherit, easily all they've dared; but we show a greater nerve, it who pretend we are not scared.

Funerals

Campbell.

Funeral services for Alvin Eugene Campbell were held from the residence, 110 Spaulding Place at 2:30 o'clock Monday afternoon in charge of the Rev. Walter E. Spoons.

Music was furnished by Mrs. James A. Scott, Mrs. J. M. De-Prates and Miss Esther Spoons. The flowers were in charge of Mrs. Guy Lynn and Mrs. J. W. Hart.

The bearers at the residence were Paul Joquin, Joseph Joquin, J. E. Dunnaway, J. W. Hart, W. E. Spoons and A. G. Cody. The remains were taken to Waverly for burial. The bearers there were personal friends of the deceased. The services at the grave were in charge of Rev. J. Campbell of Waverly. Music was furnished by Mrs. William Barrow and Mrs. John Schutt.

McKavitt.

Funeral services for Mrs. Mary McKavitt were held from the Church of Our Savior Monday morning at 10 o'clock in charge of the Rev. Father Sloan. Burial was in Calvary cemetery the bearers being Michael McInnis, James Murphy, William Welsh, John Devlin, Charles Blesse and J. J. Kelley.

Wall.

Funeral services for Mrs. Anna Wall were held from the Church of Our Savior at 8:30 o'clock Monday morning in charge of the Rev. Father Cahill. There was a large gathering of friends at the services which served to show the high regard in which the deceased was held in the community in which she had spent many years. Burial was in Calvary cemetery the bearers being William Walsh, D. E. Sweeney, Martin Sullivan, John Burkery, John Devlin and Dan Keating.

Platform dance in park at
Alexander tonight. Randall's orchestra.

ALEXANDER

Mrs. George Rohn and three children of Stratton, Neb., are visiting at the home of Mrs. Rohn's parents, Mr. and Mrs. J. C. Ewen.

Mr. and Mrs. F. J. Kaiser and Mrs. Margaret Colwell were in Springfield Monday to attend the funeral of Edward Eck.

Miss Katherine Kaiser was the guest of friends in Springfield Sunday.

Miss Annie Hinrichsen, who has spent a vacation of three weeks at the home of her mother, Mrs. W. H. Hinrichsen, returned Monday to her duties in connection with the department of public welfare at Springfield.

Mrs. William Aulabaugh of Springfield is the guest of friends in Alexander.

Miss Maude Brogdon returned to her home in Jacksonville Sunday after a few days' visit at the home of her brother, William Brogdon, and with other relatives.

SPENT MONTH AT QUIVER

Miss Eleanor Moore returned Monday from a month's stay with Mr. and Mrs. J. H. McCune of Havana at their Quiver Beach cottage. Mr. and Mrs. McCune and son James drove with Miss Moore to Jacksonville and will return this morning to their home in Havana.

DEATHS

Wells.

Mrs. Myrtle May Currier Wells died at the family home, 350 Pine street at 8 o'clock Monday morning.

Deceased was the daughter of Alex and Frances A. Fearneyhough Currier and was born in this county August 11, 1890. She was united in marriage to J. W. Wells, July 14, 1907.

Besides her husband she leaves two children, Frank E. Wells and Ruth A. Wells. She also leaves her father and two brothers, W. E. Currier of St. Louis, Mo., and H. Currier of the city. Mrs. Wells was a member of the Baptist church. She was devoted to her family and a woman whose fine Christian character endeared her to a large circle of friends. The sympathy of all will go out to the husband and children in their bereavement.

Funeral services will be held from the residence, 350 Pine street, at 10 o'clock Wednesday morning in charge of Dr. W. E. Spoons. Burial will be in Diamond Grove cemetery.

Baldwin.

Mrs. Laura Myers Baldwin of 844 South Main street died at Passavant hospital at 3 o'clock Monday afternoon. She had been critically ill for several days and death came as a relief from her sufferings.

Deceased was the daughter of John H. and Anna T. Myers and was born at the old Myers homestead on East North street July 6, 1856. She attended the public schools of the city and graduated at Illinois Woman's college in the art department. She also was an art student at the old Female Academy. Later she entered Brown's Business College from which she graduated with high honors.

Following her graduation Mrs. Baldwin taught oil and china painting with success in this city. Two years ago she went to Manitou, Colo., where she held a position in the Boutwood arts and crafts school. She returned to this city last December and since then has resided at 844 South Main street.

Mrs. Baldwin was a member of Central Christian church, of the Belles Lettres society of Illinois Woman's college and of the South Side Circle. She was faithful in her attendance at church and in her club work and was a woman whose high attainments and fine qualities of mind won for her many friends. To these news of her death will be received with genuine regret.

Thanksgiving day, 1888 she was united in marriage to Allen W. Baldwin who survived. She also has two sisters, Mrs. Herman Weber of South Jacksonville and Mrs. Katherine B. Young of Oskaloosa, Iowa and six nephews and three nieces.

Funeral services will be held from the residence, 844 South Main street Wednesday afternoon at 3 o'clock in charge of the Rev. Myron L. Pontius, pastor of Central Christian church. Burial will be in Diamond Grove cemetery.

WANTED TO BUY

One thousand bushels home grown potatoes by Economy Store, West State street.

LIEUT. FAIRBANK SMITH

SPENDS FURLOUGH HERE

Lieut. C. Fairbank Smith, son of Mr. and Mrs. C. H. Smith of 226 Westminster street, arrived in the city Monday on a two weeks leave of absence from Camp Gordon, Atlanta, Ga. He landed at New York on July 20, after more than a year's service overseas. It was in October, 1917, that he was commissioned, and from the army service school at Ft. Leavenworth, Kans., he was transferred to Camp Green, North Carolina. This was in March, 1918, and the following month Lieut. Smith was sent overseas as a member of the 61st Infantry, 5th Division.

Lieut. Smith had part in a number of the important engagements of the war, including the St. Mihiel and the Meuse-Aargonne offensives. He was wounded and gassed and during his war experience was a patient at four different hospitals. Following the signing of the armistice Lieut. Smith was stationed for a time in both Luxembourg and Belgium and sailed for this country in the early days of July. The many friends of the young soldier in this city are glad to have him here, even for this brief period.

SPENT THE WEEK END

AT LAKE MATANZAS

Larence Henderson was one of a party numbering twenty four who spent the week end at Lake Matanzas. Other Jacksonville people in the party were Clarence L. DePew and daughter, Miss Marian. A number of the campers were residents of Champaign county. Rev. Mr. Fisher, pastor of the University church of Champaign and Rev. Mr. Golden, pastor of the Christian church at Decatur, being in the group. Mr. Henderson, superintendent of grounds at the state university and Mr. Withee of Springfield, together with their families, were also among the campers.

LEO COONEY TAKES

SPRINGFIELD POSITION

Leo J. Cooney left Monday morning to take a position in the office of State Auditor Andrew Russell. The young man has but recently returned to his home in this city after an extended period of army service, most of which was spent overseas. The position in the state auditor's office is an excellent one.

Mrs. Hattie Norman and son and daughter of Springfield spent Saturday and Sunday at the home of Mr. and Mrs. W. W. Young in

FUNERAL SERVICES
FOR H. M. CHRISTISON

Many Honored Memory of Scott County Man Sunday—Two Charged With Auto Theft Bound Over—News Notes.

Winchester, Aug. 4.—Wilford Hamilton and wife of Roodhouse are visiting relatives here.

W. H. Kinison of Jacksonville spent Sunday with his family here.

The funeral of H. M. Christison was held at 3 o'clock Sunday afternoon at Rutledge chapel east of town. The services were largely attended, and the church and yard were filled with relatives and friends of the deceased. The deceased was a member of the Odd Fellows lodge and a large number of these were present.

The service opened with a duet, "Beautiful Isle," given by Mrs. W. H. Kinison and Miss Martha Higgins, with Miss Ethel McClure as accompanist. Then the scripture lesson was read by Rev. W. R. Johnson, followed by prayer. Another duet, "Saved by Grace" the minister read the obituary sketch and delivered the sermon, followed by a prayer. The service closed with a duet, "Going Down the Valley."

The pall bearers, all Odd Fellows, were Grant Mader, William Penton, W. H. Kinison, John Leib, Albert Ezard, Russell Reid. The flowers were cared for by Mrs. Bert Bean, Mrs. Guy Brown, Misses Vivian and Stella Christison, nieces of the deceased. Burial was in Winchester cemetery.

Mr. and Mrs. P. D. Smith and daughter Emmaline visited friends in St. Louis Monday.

Mrs. Alonzo Hill and grandsons Robert and Charles are visiting relatives and friends near Murrayville.

Russell Chidester returned Sunday to his home in Bushnell after visiting at the home of his aunt, Mrs. Thomas Bean, and also at the home of Mrs. Louis Rutherford and Mrs. Giles Reeder and daughter.

Mrs. Russel Hubbard and two daughters, Mrs. Harvey Stewart, and son and Edward Miner and Master Edward Miner of Plainview, Texas, arrived Sunday night to visit at the home of C. B. Hubbard and Dr. James Miner.

Sherwin and Curtis, the men arrested for stealing the McLaughlin car, had a preliminary hearing Monday morning before Squire Andell. The bail was fixed in each case at \$1,000. In default of bail they were sent to jail.

Fred R. McLaughlin and wife returned Saturday night from Wichita, Kans.

Deputy Sheriff Claude Thomas motored to Springfield in his new Nash car on business Monday.

Mr. and Mrs. Thomas Keenan and Miss Julia Werner spent Sunday afternoon in Roodhouse at the home of Mr. and Mrs. Leslie Strang, and also attended the chautauqua there.

Miss Olive Wells entered upon her new duties as county superintendent of schools Monday. Her many friends wish her success in her new work. Mr. Ward, the retiring superintendent, made many friends during his term of office. He will teach in the Glasgow schools the coming year.

Morris Anthony and sister, Miss Fay, of White Hall arrived Sunday to visit at the home of William McLaughlin and wife.

Why Not Iron

Where It's Cool?

Perhaps you have a screen-in, or shaded porch. If you had an

Electric Outlet

on the porch, you could do it easily—be really comfortable while doing your ironing, with no running back and forth.

Baseboard Outlets

are inexpensive, and just a few conveniently located about the home, will prove an astonishing aid to home comforts.

And speaking about outlets on the porch, isn't it nice occasionally to read out-of-doors? Just attach the table lamp to the porch outlet.

And sometimes, it would be nice to use the electric fan on the porch.

Every home should have plenty of baseboard outlets. What applies to the porch applies to every room in the house.

TAKE PROPOSAL TO CONGRESS TOMORROW

(Continued from Page One.)

new policy which envisages their condition not only as producers, but also as consumers. It marks the step by which organized labor passes from demands for wage increases to demands that the system of profits in industry be overhauled. Hitherto, during successive wage negotiations and arbitration awards, we have called for provisional settlements only of questions arising out of differences as to wages, hours and conditions of labor. That principle of genuine cooperation and partnership based upon a real community of interest and participation in control, of which President Wilson has spoken, to congress has been ignored both by labor and by the private owners of the railroads. What wage increases have been received during the past few years resulted only in immediately being followed by more than proportionate increase in the cost of living. Each rise in wages has turned out to mean only temporary relief for the affected workers. When the increases have gone around the circle, labor as producer loses the advantage of the new wages thru the additional cost it pays as consumer. Moreover, thru compound profits taken on these wage increases each cycle becomes an upward spiral of costs which the consuming public vainly reaches to control.

"As the major part of the consuming public labor is entitled to representation on the directorate of the public railroads. As a producer of capital it is entitled to representation on the directorate of the railroads. To capital which is the fruit of yesterday's labor we now propose to discharge every just obligation. We demand that the owners of capital who represent only financial interest as distinguished from operating brains and energy, be retired from management, receiving government bonds with a fixed interest return for every honest dollar that they have invested in the railway industry. We ask that the railroads of the United States be vested in the public; that those actually engaged in conducting that industry, not from Wall Street, but from the railroad office, and yards and out on the railroad lines, shall take charge of this service for the public.

Entitled to Measure of Control

"These represent all the brains, skill and energy that is in the business. They are entitled to that measure of control which is equal

to their ability and their responsibility for operating the transportation properties. Then, and then only, will the service be primarily for the public, not primarily for profits to speculators and inflators of capital. As a means for accomplishing this end we ask that a lease be granted to a corporation created not for profit, but for public service. We ask that this corporation be controlled in its management by an equal representation of the three fundamental interests upon which industry is based. The public, operating managers and wage earners will then guarantee both the integrity of the investment required for the conduct of the industry and that return, which induces it, by investing to enter the public service.

"The public as consumers and the operating managers and wage earners as producers having joined in that guarantee, will then have equally all earnings in excess of the amounts required to meet the guarantee.

"This is provided by granting to the wage earners and management one-half of the savings which they thru their perfected organizations can make and by securing to the public the other half to be enjoyed by the consumers, either by charges of reducing the cost of the service which the machinery then in existence renders. Thus the cost of transportation is automatically reduced exactly in proportion as benefits accrue to the producers of transportation. Increase in earning power of producers under this system cannot be reflected in increased costs, it must be balanced by decreased costs.

"The railroads are the key industry of the nation. They affect once the price of every necessity. As increased transportation costs are reflected in the increased price of all commodities, so a reduction in those costs must be reflected by reduced prices.

"We say this because of labor's interest as consumer, as part of an over-burdened public. This fundamental statement of principle we respectfully submit to the American people."

Chairman Cummins of the senate interstate commerce committee today called a committee meeting for tomorrow to discuss railroad problems and determine whether hearings shall be re-opened.

CANCEL ENGAGEMENTS

Springfield, Ill., Aug. 4.—Orders were issued today from the office of Adjutant General Dickson cancelling the engagements of the Ninth and Tenth regiments, 1 N. G., and the Second regiment, reserve militia, proposed for this summer. The Second was to have been in training at Camp Logan, the other two at Camp Lincoln Springfield.

GRACE CHAPEL

The Fourth Quarterly Conference of Concord circuit will convene at Concord Friday evening, Aug. 15 at 8:30.

Mrs. Lee Shakel and Lula Dawson of Jacksonville visited over Sunday with Mrs. Fred Brainer.

Mrs. Bertha Delaney and children of Concord visited a few days at the home of her parents, Mr. and Mrs. Oliver Kennedy.

Miss Agnes Wiswell and Letha Mason visited the last of the week at the home of Mr. and Mrs. Richard Goodpasture.

Wall Mason, wife and children visited Sunday at the home of George Mason.

Miss Thelma Holt is spending a few weeks with her grandmother Brainer.

Mrs. Oscar Bridgman spent Sunday the guest of Mrs. Douglas Turley.

Mrs. Hannah Brainer and Thelma Holt called on Mrs. Grace Moss Monday afternoon.

add DAVIS SWITCOT

Mr. and Mrs. Charles Burrows and children of Jacksonville spent Sunday afternoon with Mr. and Mrs. John Leach, driving out in their car.

Mr. and Mrs. John Kennedy and children were Sunday visitors with Mr. and Mrs. Ed O'Meara and family.

Mr. and Mrs. William Nicol and family of Jacksonville, formerly of Woodson, attended services at the Presbyterian church in Woodson Sunday, spending some time with the families of the Rev. Mr. Howell and Mrs. Carrie Glasgow. Mr. and Mrs. Hugh Voorhees were also guests at the Powell home Sunday.

The Ladies of the Presbyterian church at Woodson had a splendid time at the pleasant home of Mr. and Mrs. Hugh Voorhees. The Ladies served dinner and realized a nice little sum for the church on last Thursday.

Mr. and Mrs. Sam Butler, Mr. and Mrs. Porter Bell and children were out joy riding in Mr. Butler's car Sunday afternoon.

Mrs. Ruth Boston has ended a lease with her uncle, Otto Grimmer and family, returning to her home Saturday.

Mr. and Mrs. Thomas Buettler returned home Saturday night with their baby, who has been quite sick at Our Savior's hospital, much improved.

CONVICTS ESCAPE: ARE CAUGHT LATER

JOLIET, Ill., Aug. 4.—Hidden in a specially constructed packing case, consigned to a Philadelphia furniture concern two convicts escaped from the penitentiary early this morning. They were captured later.

They are Daniel Reilly, 21 years old, sentenced for murder for 35 years and Fred Laumer, 27, serving an indeterminate sentence from one year to life for robbery. Both were sent to the penitentiary from Cook county.

The box was delivered with a consignment of other freight to the freight house of the Elgin, Joliet and Eastern railroad company. After it had been placed on the receiving platform, the cover held on the inside by means of hooks was removed and the two convicts stepped out and began a flight for liberty. Special agent Peter Kichels of the railroad saw the pair emerge from the box from a distance and gave chase. He fired, slightly wounded Laumer in the back. Laumer did not drop however, and the chase continued thru the yards, steel car shops, and round house. Outside the engine house is a cylinder pit, 14 feet deep. Not noticing this the convicts plunged into the water and were quickly surrounded by a group of hostlers and engine men who captured them and later turned them over to penitentiary officials.

Mrs. Rose Miller and daughter Mildred and Madeline, will go to St. Louis this week to visit relatives and friends.

Ed Spink returned Monday from an outing at Lake Matanzas.

Mr. and Mrs. Pfeil of the vicinity of Arenzville were business callers in Jacksonville yesterday.

CALL STRIKE OFF

London, Aug. 4.—A strike of one of the branches of the associated locomotive engineers involving 600 men failed to entirely tie up the southwestern railway this morning. The strike was called soon after midnight.

The company announced that "train service may be considerably restricted and trains are being run as engines can be found for them."

TOBACCO HABIT DANGEROUS

says Doctor Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up-to-date drug store and get some Nicotol tablets; take them as directed and lo! the pernicious habit quickly vanishes. Druggists refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotol tablets; you will be surprised at the result.

Keep Cool!

LEMON JUICE TAKES OFF TAN

Girls! Make Bleaching Lotion If skin is sunburned, tanned or freckled

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sun-burn and an lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

LIFT OFF CORNS!

Doesn't Hurt a Bit and "Freezone" Costs Only a Few Cents.

Wipe your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

BOARD PUTS QUESTION OF HIGH SCHOOL BUILDING UP TO VOTERS AUGUST 19

Believes \$250,000 Bond Issue Necessary to Erection of Structure Due to Greatly Increased Cost—Miss Fenton Resigns—Coach Hufford Again a Member of High School Faculty—Schools Open September 8th—Contract for Coal Awarded Harrigan Bros., at \$4.15—Secretary's Report.

Two weeks from today the citizens of Jacksonville will be asked to express their opinion as to whether or not the city shall have a high school building as originally designed and planned and whether or not such a building shall be erected. The members of the board of education at their regular meeting of the board at David Prince building last night voted to submit to the people the proposition of a bond issue to the amount of \$250,000 for the erection of the high school building.

President Lippincott called the board to order promptly at 7:30 Monday evening with Members Pierson, Parker, Metcalf, Hopper, and Rogerson in attendance. Members Thomas Rapp and Muehlhausen were both reported as out of the city. Superintendent Perrin was present.

Secretary Pierson read the minutes of sessions of the Board held July 10 and 28th and same were approved as read.

Under the head of finance, Member Rogerson introduced bills received from Herman Weber for rent of the Open Air School land in the sum of \$192 and a bill for the advertising of bids for \$7.10.

Member Rogerson moved that participation warrants be authorized to be issued from time to time as needed. Secretary Pierson seconded the motion. Carried.

Mrs. Parker moved that Mrs.

between \$800 to \$1,000 to give these hallways what they should have. On motion of Member Rogerson, seconded by Member Metcalf, the building and grounds committee and Superintendent Perrin were instructed to take this matter up and report to the board.

Miss Fenton Resigns.
Member Metcalf read a communication from Miss Fenton, tendering her resignation as a member of the high school faculty. Miss Fenton's resignation was accepted with regret.

Coach Hufford Appointed.
Member Metcalf also read a report from the teachers and course of study committee and the superintendent appointing Raymond Hufford a member of the high school faculty to take Miss Fenton's place at a salary of \$1,200 per year. The board moved to adopt the report of the committee.

Will Go to Galesburg.
It is understood that Miss Fenton will teach next year at Galesburg.

School Opens Sept. 8th.
In answer to a query by a member of the board Supt. Perrin stated that school will open this year on the second Monday in September, the 8th.

A communication from Bernard Gause relative to bids for the new high school building was read and upon motion of Member Rogerson, seconded by Member Metcalf, was ordered received and placed on file.

Member Hopper moved that the secretary be instructed to secure from Judge O. P. Thompson the amount of his bill to date for services rendered, it being understood should the board need further legal advice that he be consulted upon the recommendation of the board. Seconded by Mrs. Parker. Carried.

Open Coal Bids.
The next order of business was the opening of the coal bids. The bid of Harrigan Bros., being the lowest on egg and nut coal, \$4.15 per net ton delivered, the contract on motion of Member Hopper, seconded by Member Metcalf, was awarded to this firm.

There were three bids received by the board as follows:
J. W. Bautist—One and one-quarter inch lump and six by one and one-half inch egg \$4.29 per net ton delivered; six inch lump \$4.64.

Lewis and Clary's bid on the egg and lump asked for in the specification was \$4.35 on each. Harrigan Bros. bid was \$4.15 on egg and lump per net ton delivered.

The board decided to use both kind of coal this coming winter. The egg coal will be used at the David Prince building and the lump coal will be used at the ward schools as heretofore.

For Bond Election.
Member Rogerson then introduced a resolution for a bond election to be held August 19th, at which time the people will be asked to vote bonds in the sum of \$250,000 for the erection of the new high school building. As originally planned this building was estimated to cost about \$200,000 but building costs have increased so greatly that it will now cost the board approximately \$400,000 to erect the structure.

On a second by Member Parker the resolution for the bond issue was passed by a unanimous vote. The resolution is as follows:

The Resolution.
Whereas, the Board of Education of the school population of this district, present and prospective, the space needed for the proper accommodation of the pupils in conformity with recent laws and for teaching the several subjects now included in the curriculum of a well appointed high school, reached the conclusion that a building is needed having one million cubic feet of space and that it should be fireproof. It was assumed that such a building could be erected for two hundred thousand dollars. And,

Whereas, it is now demonstrated that the building planned for will cost approximately three hundred and fifty thousand dollars and the funds necessary are available only by heavy taxation of the present population, or by the issue of bonds whereby the burden can be spread over a series of years and be much less burdensome upon the present population, therefore

Resolved that an election be and the same is hereby called to be held in School District No. 117 in Morgan County, Illinois on the 19th day of August, A. D. 1919 for the purpose of voting "For" or "Against" the proposition following:

For the proposition of proceeding with the erection of a High School Building this year, 1919.

For the proposition to issue and sell bonds of District No. 117 in Morgan County, Illinois to the amount of two hundred fifty thousand dollars (\$250,000.00), dated July 1, 1920, due \$10,000.00 July 1st, 1921, \$10,000.00 July 1st, 1922.

To 1945 inclusive to be set out in full in lieu of and instead of the amount of \$100,000.00 heretofore authorized, which bonds are to bear interest at the rate of five per cent per annum, interest payable semi-annually on the first day of January and July in each year.

Against the proposition to issue and sell bonds for district No. 117 in Morgan County, Illinois, to the amount of \$250,000, dated July 1, 1920, due \$10,000 on July 1, 1921, \$10,000 due July 1, 1922, to 1945 inclusive, to be set out in full in lieu of and instead of the amount of \$100,000 heretofore authorized; which bonds are to bear interest at the rate of 5 per cent per annum, interest payable semi-annually on the first day of January and July in each year.

That the polling places in the first ward be in the Jefferson School House;

That the polling place in the second ward be in the David Prince Building;

That the polling place in the third ward be in the election booth at the corner of South Mauvaisterre street and East College avenue;

That the polling place in the fourth ward be at the election booth at the corner of South Fayette street and Grove street;

That the polls be opened at Eleven o'clock a. m., and closed at Four o'clock p. m.

Resolved further that the Secretary of this Board be and she is hereby instructed to post at least three notices in three of the most public places in each of the said four wards at least ten days before the date fixed for the election, said notices to be signed by the President and Secretary of this Board, and dated on the day they shall be posted.

Member Metcalf moved that the secretary be authorized to order election supplies. Seconded by Member Hopper. Carried.

Secretary's Report.
Secretary Pierson gave the report of the board for the past year. A comparison of the reports for the past three years shows that much good business ability has been displayed by members of the board in the management of the school funds. The economies arrived at speak well also for the budget system now in use. In the past three years the board has cleaned up a debt of \$20,502.30. In the general fund in 1915-1916 the deficit was \$17,956.94. The building and repair fund deficit then totalled \$2,545.36. At the beginning of this last year, July 1, 1918, the debt in the general fund amounted to \$8,961.78. This sum of close to nine thousand dollars has been paid off by the board during the year and there is about \$900 now on the credit side of the books, counting goods in the store room, about \$130 in cash.

The report is given herewith:
Board of Education, Jacksonville, Ill., June 30th, 1919. General fund; receipts and disbursements for the year ended June 30, 1919:

Brunswick Principles In Fine Tire Making

The reason you are interested in the name on your tire is that it identifies the maker. By knowing the maker you can judge his ideals of manufacture.

The only secret of a super-tire lies in the principles of the maker. His standards decide the quality. For there are no secrets in the tire industry.

What you get depends on what is behind the name on your tire. Brunswick, as you know, means a very old concern, jealous of its good name. Since 1845 the House of Brunswick has been famous the world over for the quality of its products.

The Brunswick Tire is all that you expect—and more. Your first one will be a revelation. You'll agree that you've never known a better. And you'll tell your friends. So spreads the news among motorists. The Brunswick is the most welcome tire that ever came to market.

Try one Brunswick Tire. Learn how good a tire can be built. And remember, it costs no more than like-type tires.

CENTENARIAN IS INJURED IN FALL

White Hall Man Who Will Celebrate 100th Anniversary on August 14 Is Confined to Home by Fall—White Hall News Notes.

White Hall, Aug. 4.—Robert Whiteley, who will be 100 years of age on the 14th inst., fell while walking in the yard of the home of his daughter, Mrs. George C. Tunison, Saturday, and as a result he has been indisposed since then. The greater part of his life has been spent in Macoupin county, where he has a son, Robert Whiteley, Jr., residing at Carlinville.

Sergeant Gordon Bishop was discharged from the medical corps at Philadelphia last Thursday, and arrived home Sunday evening, accompanied by a bride, formerly Miss Elizabeth Shaw Springer of Trenton, N. J. The couple became acquainted while Mr. Bishop was located at Camp Dix, N. J. On Friday he wired his parents, Mr. and Mrs. James Bishop, as follows, from Philadelphia: "Discharged yesterday, married today, he home Sunday with wife." Their arrival was attended with rejoicing at the Bishop home, the bride, a total stranger here, being received in the circles of family and friends very heartily. Mr. Bishop was in the service fifteen months, and since the armistice has been looking after troop movements. He intends to enter upon auto mechanics at the Hudson garage here or at Winchester.

Robert Shaw and Shorty Walker are now about the only White Hall boys left overseas, the former being in France and the latter in Russia. Carl Gardiner arrived in America last week, and Clarence Whiteside reached home Friday.

The Child Welfare Special will be in White Hall next Monday, Tuesday and Wednesday, and lectures and demonstrations will be held in the basement of the M. E. church and on the grounds surrounding the church. All children under seven years of age are requested to be presented for physical examination.

Attorney W. M. Giller left Sunday morning on his return to Omaha, Nebraska, having been summoned here last week by the death of his brother, George A. Giller, of Daum, aged nearly 68 years. The burial was at White Hall Thursday with Masonic honors.

John R. Stanton, who was here on a flying visit last week, made a proposition in connection with the proposed new library at White Hall that ought to have weight in getting the proposition through. He is now enroute to Europe in the interest of the Stanton & VanVliet Publishing Company of Chicago, of which he is president, and left the assurance that he would do something when the new library is ready for books. The plan of the library board is to submit a two-mill tax at the township election next spring, which will maintain a library on the scale of the proposed new one, and such offers as that of Mr. Stanton will encourage the project very much.

Rain Stops Threshing. Rain caused the cessation of threshing for three days last week over the greater portion of Greene county. Except in the southern and extreme western edge of the county, there was no threshing on Wednesday, Thursday or Friday, except a half of a day on Thursday in some cases. The showers totaled 0.87 of an inch, and became well distributed over this section of the state to the extent that the corn prospects have been revived to the prospects of three weeks ago, when record-breaking crops were predicted.

Sunday night the railroads gave out notice that no live stock would be received for shipment on Monday, and some who had arranged to ship, at once set about to ship by boat. The order came as a result of the strike of machinists and round house men on Saturday causing a curtailment of available motive power on account of the daily increasing number of engines that need attention before being fit for road service, and the roads wish to protect passenger trains and perishable stuff.

All vegetation has become freshened as the result of the showers of last week, and quite extensive advantage was taken of the favorable weather for the planting of turnips.

The car shortage situation showed improvement during the week, especially with reference to cars suitable for the movement of clay products. There is a heavy demand for drain tile for farms.

Scant Commercial Apple Acreage in Greene County.

An inquiry by telephone last week enabled the development of a point hitherto overlooked with reference to the Greene county apple industry. The inquiry was as follows: "Please furnish any information you can as to late apple crop around Roodhouse and White Hall—prices, quality, varieties."

Concerning the apple crop in White Hall territory, which includes Roodhouse, we find on investigation that the great bulk of the apple acreage have storage and market facilities in connection, leaving only a small acreage for the consideration of the commercial apple buyer. The McClay and the Smith orchards have such facilities for handling the crops, and competent authorities estimate that only about sixty acres are available to buyers. The varieties grown in these sixty acres comprise principally Jonathans, Grimes Golden and Ben Davis. Prices so far offered for Ben Davis are \$5.00 for No. 1, \$3.50 for No. 2 and \$2.00 for No. 3. For other varieties the prices offered so far are \$6.00 for No. 1, \$4.00 for No. 2 and \$2.00 for No. 3, packed and on cars. Only a few transactions have been made at these prices. The quality is good, but the crop was damaged 25 per cent by a freeze in May. The freeze damage was not uniform, there being stretches of a quarter, one-half and two miles without damage, and then the damage comes heavy. More closely to White Hall there has been a loss of about eight per cent by falling apples. The late apple harvest will begin in September.

Apple growers in Calhoun county have sold their crops on the tree at three dollars per bushel, and it is estimated that the county will have an income of at least \$750,000 from its apples, practically all commercial orchards.

Cows Test High. M. S. McCollister has two cows that test high in the Jacksonville-Springfield Cow Testing Association, according to the July report.

S. O. Graham, the new tester with the association, which inclusion will make an exhibit of ten cows at the state fair, and it is stated that Mr. McCollister will furnish one of them. He has a splendid herd, and one of the best equipped and most approved sanitary dairies in the state. Gregory farm will have exhibits of Percheron horses and Berkshire hogs at the state fair.

C. H. Giller topped the St. Louis market Saturday with 67 hogs, averaging 214 pounds, at \$23.00. The hogs were purchased by a city butcher. The National Live Stock Reporter says: "Mr. Giller fed these hogs himself, and he conditions hundreds every season for the St. Louis market. He also has a wide reputation for feeding cattle, and St. Louis gets practically everything he turns out."

Eva Tango, who has been under the training of Allen Brothers at Indianapolis, is making new records on the race circuits at this time. At Peoria last week she won first on Tuesday and again on Thursday in the 2:25 class, her best time being 2:09 1/4. She is the property of John Stout of White Hall, and Mr. Stout, C. C. Brown and L. L. Seely witnessed her performances at Peoria. She is at LaHarpe this week.

BRIEF PARAGRAPHS FROM MURRAYVILLE

News Notes of Interest from Murrayville and Vicinity.

Murrayville, Aug. 4.—Mrs. Mary E. Crouse enjoyed a visit recently from her sister, Mrs. L. C. Crouse and son Elmer Crouse and family of Lowder.

Mr. and Mrs. C. A. Boruff and Mr. and Mrs. John Kastrop of Jacksonville spent Sunday afternoon with the former's parents, Mr. and Mrs. John Boruff.

Mrs. C. E. Blakeman and son Byron of Chicago came Saturday for an extended visit with relatives here.

Mr. and Mrs. W. W. Walker returned home Saturday from Pentwater, Mich., where they have spent the past two weeks.

Miss Marie Burns spent several days last week with her sister, Mrs. C. L. Blakeman.

Clarence Cunningham of Poplar, Mont., came Sunday for a month's vacation with relatives and friends.

Mr. and Mrs. Albert Hayes and daughter Velma, and Warren Jones and family were guests Sunday of their parents, Mr. and Mrs. George Jones of Winchester.

Miss Edna Sorrells of Jerseyville spent Sunday with Mr. and Mrs. C. R. Short and family.

Miss Elizabeth Boruff of Jacksonville is spending the week with her cousin, Miss Helen James.

Elmer Bettis of Roodhouse visited his grandparents Mr. and Mrs. Alex Lovell Monday.

Mr. and Mrs. William Wade and daughter Rachel Clara spent Saturday night and Sunday with S. A. Bracewell and family.

Merwin Ketner arrived home last week from France accompanied by his French wife.

Miss Malinda McCarty underwent a serious operation for appendicitis at Passavant hospital Thursday morning.

Mr. and Mrs. Ira Story and Mrs. John Osborne and Miss Lena Jarrard motored to Raymond Sunday for a few days visit with relatives.

Our chautauqua closed Saturday giving general satisfaction.

Mr. and Mrs. J. W. Fanning, Mr. and Mrs. Ernest Henry, Mr. and Mrs. Clyde Fanning, Warren Fanning and family and William White and family of Murrayville, James Vasconcellos and children of Chicago, were guests Sunday of Mr. and Mrs. Chas. Fanning near Canton. The trip was made by automobiles.

The Ladies Aid society will meet Thursday afternoon in the church basement.

S. F. Sooy and family, R. D. Mawson and family, Misses Grace and Alma Jennings and Eva Ramsey went to Lake Matanzas Monday for a week's outing.

Chas. Masters and family of Auburn were guests Sunday of Mr. and Mrs. Bert Millard.

Mrs. Mary Gunn went to Exeter Tuesday to spend the week with relatives.

Mrs. W. A. Wesner spent Sunday with her son Mayo Wesner and wife of Roodhouse.

Miss Kate Ellis of White Hall and Misses Irene Merrill and Anne Floreth of Jacksonville were guests of Misses Helen and Mary McGhee several days last week.

ARENZVILLE VISITORS
Mr. and Mrs. E. B. Hiernan, Mr. and Mrs. M. L. Hiernan and Mrs. Lloyd Yeck, all residents of Arenzville, spent Sunday with relatives in this city.

L. E. Myers of Farmer City was a business caller in the city yesterday.

GROGER UP AGAINST IT
"I have been up against it for past 3 years suffering from pain in my stomach and side until I was considering giving up my grocery business. Doctors and medicine did not help me. I heard of Mayr's Wonderful Remedy thru a friend in Buffalo. The first dose gave me more benefit than all the medicine I had taken before and am now feeling as well as ever in my life." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose

The Call of Colorado and Utah Rockies

Spend your vacation this summer in the heart of the Rockies.

The climatic, scenic and recreational advantages of this outing region annually attract multitudes of summer visitors.

Smooth motor roads lead to high mountain passes; and trails lead to woodland glades "where the ground was never trenched by spade, and flowers spring up unsown."

Lakes and rushing streams full of game fish.

Here are two National Parks, six National Monuments and more than twenty million acres of National Forests.

Summer Excursion Fares

Ask for the booklets you want. They describe Colorado and Utah Rockies, the two National Parks—Rocky Mountain and Mesa Verde—also the six National Monuments.

Ask the local ticket agent to help plan your trip—or apply to nearest Consolidated Ticket Office—or address nearest Travel Bureau, United States Railroad Administration, 646 Transportation Building, Chicago; 143 Liberty Street, New York City; 602 Healey Building, Atlanta, Georgia.

"On the job"

Certain-teed forms a complete, seamless surface that sheds rain, snow and sleet year after year with almost no attention. It is always "on the job."

The most severe weather makes no impression on Certain-teed—nor can sparks, fumes, gas, smoke or insects impair its protective strength.

Yet Certain-teed costs no more—less in fact than other types of roofs. It is easily and quickly laid by anyone who will follow the simple directions that come with the roll. Upkeep expense is too slight to consider.

Your buildings, old or new—large or small—in city or country—should have the protection of Certain-teed.

Certain-teed is made in rolls, both smooth and rough surfaced, (red or green) also in handsome red or green asphalt shingles for residences. Certain-teed is a sure quality—the name means certainty of quality and satisfaction guaranteed. It will pay you to get Certain-teed—most dealers tell it. Ask for Certain-teed and be sure to get it.

MORE THAN THIRTY YEARS IN BUSINESS

W. L. Alexander Has Had Successful Career in City—Began Business on West Side of Square in 1888.

It was just thirty one years ago that W. L. Alexander started business in Jacksonville. Thru the greater part of the intervening years he has ranked as one of the well known and progressive business men of Jacksonville, altho he was located in Iowa for a few years. Mr. Alexander began business with the late J. J. Mallen under the firm name of Alexander & Mallen and their location was in the room now occupied by R. T. Cassell on the west side of the square.

Subsequently the store was in the room on the south side of the square where the Princess Candy Co. is now in business. At a still later time Mr. Alexander succeeded to the business of J. H. Osborne in the Hopper building at the southwest corner of the square and afterward started the department store under the name of the W. L. Alexander Mercantile Co., in the Wadsworth building.

When that business was sold out Mr. Alexander became a resident of Corydon, Iowa, and conducted a very successful and extensive business there. After he disposed of his property in the Iowa city to advantage Mr. Alexander for a time was the owner of a shoe store in Chicago. However, during the time of his absence he had a distinct desire to get back to Jacksonville and into business, altho the years of his non-residence had been financially profitable.

Returning about two years ago he gave evidence of his faith in Jacksonville by the erection of the Alexander apartment building, and subsequently purchased from the Wehl estate the store room on the west side of the square which he now occupies. After extensive remodeling and the building of an addition to the room, Mr. Alexander opened his hardware store. He carries extensive stocks and is conducting a continually growing and successful business. No man in Jacksonville is more vigorous in the conduct of his business. Mr. Alexander has untiring energy, keen judgment and believes that Jacksonville is the best city in the land. So industry, judgment and local patriotism combine to make him one of the valued and useful residents of the city.

Practically new Moline Universal, plowed less than 40 acres. Reason for selling—quit farming. Address "Tractor" care Journal.

LABOR DAY PICNIC AT NICHOLS PARK
The committee appointed by the Trades and Labor Assembly of this city to arrange for a big labor day picnic, have decided not to go to the new dam site as had previously been arranged, but will go instead to Nichols park.

In changing their plans the lack of shade, water and grass, and other facilities at the dam was taken into consideration. W. J. Hardy, chairman of the committee on arrangements, states a big time is anticipated on Labor Day and that the Trades and Labor Assembly extends a cordial invitation to all city and country folks to fill a big basket and come out and help celebrate. A good program of races and games will be provided. There will be a band concert in the afternoon and evening, and in the morning a parade down town.

FOR RENT—West end bungalow. Address "A. J. F." care Journal.

WILL ATTEND PYTHIAN BOARD MEETING
J. F. Claus will go to Decatur today to attend a meeting of the Pythian Home board. He will be accompanied by his daughter, Frances. They will also go with the wards of the Pythian Home on their outing Wednesday in Springfield.

The children are given a two days outing each year in some city away from Decatur. Last month they went to Peoria, the guests of the Knights of Pythias, and Wednesday they will be the guests of the three Pythian Lodges in Springfield.

Mr. Claus states that it is his desire to have the children brought to Jacksonville next summer for an outing at Nichols park and a visit to the institutions.

Fancy hand picked Siberian crab apples for jelly and preserving. 60 cents per peck or \$2 per bushel delivered. Cannon Produce Co.

SUNDAY VISITORS AT SARGENT HOME
Mr. and Mrs. G. W. Sargent of 113 South East street had as their guests Sunday Mr. and Mrs. Benjamin Kincaid and daughter Helen and Mrs. Fred Stack, who drove from their home in Greenfield to spend the day at the Sargent home.

M. J. Reise and Miss Olive Reise of St. Louis were week end guests at the Sargent home. They were accompanied home by Miss Gladys Sargent, who will spend the month of August at the Reise summer cottage on the Merrimac river.

WILL SPEND VACATION PERIOD IN EVANSTON
Dr. P. C. Thompson has gone to Evanston for a vacation visit of several weeks with friends. Mrs. Thompson has been there for a number of weeks past.

CHURCH SUPPER
The Ladies' Aid of the Point church will hold their annual supper at the church this evening, August 6. A cordial invitation is extended to all.

JOURNAL SUBSCRIPTION RATE CHANGES

The present yearly rate for the Daily Journal by carrier in Jacksonville is \$6 per year; by mail \$5 per year. The rates which will become effective August 11 are by carrier in Jacksonville \$7.50 per year; by mail, \$6 per year.

JACKSONVILLE JOURNAL CO.

U. G. WOODMAN DIED IN CHICAGO SUNDAY

Sudden Death Came After Period of Illness Thru Which He Passed Months Ago—Interment Will be at Wichita.

Many people in Jacksonville will learn with sincere regret of the sudden death of U. G. Woodman, at 11 East Chestnut street, Chicago, at noon Sunday. Mr. Woodman had been in ill health two years and six months ago passed thru a very serious illness. Afterward with remarkable fortitude he entered again into business life and for some time had been connected with a Chicago banking house. Altho the family home was still in Jacksonville, Mrs. Woodman and two daughters, Isabel and Eugenia, had been with Mr. Woodman in Chicago for a number of weeks.

Ulysses Grant Woodman was born in Jacksonville in 1868 and went with his parents to Wichita, Kans., two years later. His father became a prominent and influential resident of the western city and established a large banking house there. As a young man U. G. Woodman was employed in his father's bank and in 1893 went to Chicago where he afterward became identified with the National Bank of the Republic.

Mr. and Mrs. James T. King, and their daughter, Miss Isabel, Judge Kirby, Dr. Carriel, Mr. Fitzsimmons, W. C. Woodman and his son, U. G. Woodman at one time spent a number of weeks traveling thru Yellowstone park. It was at that time that the friendship began which in 1895 resulted in the marriage of Miss King to Mr. Woodman. After a few years' residence in Chicago their home was established in Jacksonville.

Three children were born to them, a son, James, who died in infancy, and two daughters, Isabel and Eugenia, who together with Mrs. Woodman survive. The deceased also leaves his mother and his sister, Rea, now living in Poughkeepsie, N. Y.

Mr. Woodman was a member of the Elks, Knights of Pythias, the Odd Fellows and the Modern Woodmen lodges and a vestryman at Trinity church. He was broad minded and just, a man with a high sense of honor, unfailingly courteous to all. It was in his home life that Mr. Woodman's character was at its best for he was gentle and considerate to a marked degree. His ideal in life seemed to be to serve others and he found his happiness in bringing pleasure to those about him. A fine spirit of optimism characterized him and no day seemed dark enough to prevent his looking toward the light. In the long days of illness which came a few years ago he met each day and night with a remarkable cheerfulness, an evenness of spirit which was marvelous to those about him who knew that the pain was acute, that holding on to life was an act of the will.

Mr. Woodman lived with a gentle, kindly attitude all, death came to him just about the noon hour when the sun was in full glow. The radiance of that hour well typified the years of his life, for he never looked toward the shadows and day by day, year by year, kept his life in the sunlight of hope and cheer.

Burial will be in Wichita, Kans. in accordance with the wish of Mr. Woodman, to be buried beside his father, to whom he was deeply attached.

TOO SLOW

In the absence of sea breeze and foam I would fish, swim and row; But the train 'twas so slow, When I got there 'twas time to come home.

ATTORNEY MOVES WEST

Attorney Walter W. Wright and family left yesterday for Denver, Colo., where they expect to make their future home. Mr. Wright will follow the practice of law in the western city and his many friends in this vicinity will wish him success in his new home.

Mr. and Mrs. J. B. Joquin of St. Louis are here on account of the serious illness of Mr. Joquin's

CANADIAN WAR VETERAN WEDS

Charles H. Benson and Miss Ursula Davey Married Monday Afternoon—Groom Served in Canadian Engineers During War.

Charles H. Benson and Miss Ursula Davey, both of this city, were united in marriage at 4 o'clock Monday afternoon. The ceremony was said at the Central Christian church parsonage by Dr. Myron L. Pontius. The witnesses were Mrs. Benson, mother of the groom, and Mrs. Davey, mother of the bride, and the groom's grandmother.

The bride is the daughter of Mr. and Mrs. Fred Davey. She was born and reared in this city where she attended the public schools. Recently she has been employed in the local office of Swift & Company.

The groom is the son of Mr. and Mrs. Joseph D. Benson. He has resided here a number of years. Benson was employed in Detroit, Mich., when the world war was started. He went to Canada and enlisted in the Canadian engineers and was soon sent overseas.

His regiment was in the thick of the fighting and only 150 returned without injury. Mr. Benson is a young man possessed of genial disposition and has many friends in the city. Since his return from service he has been assisting his father in the restaurant on the north side of the square.

Mr. and Mrs. Benson left Monday evening for Decatur where they will make a brief visit with Fred Davey and family, a brother of the bride. Both have many friends who will unite in wishing them many years of wedded happiness.

BOYS ROB TICKET OFFICE AT MARKHAM

One Lad Lodged in Jail as Result of Daylight Robbery at Markham Sunday Afternoon—Attempted to Gain Entrance to Killam Residence.

Four youths robbed the Wabash ticket office at Markham and attempted to gain entrance to a residence. Sunday afternoon. One of the boys was arrested and is now held in the Morgan county jail awaiting investigation. About the middle of the afternoon four strangers, one of them colored, were noticed in the vicinity of the Wabash ticket office and later were seen to go to the home of Fred Killam. However, the robbery of the ticket office was not discovered until Monday morning, when the agent, R. D. Marshall, opened the office for business.

Sheriff Wentworth and Deputy Andrews went to Markham Sunday afternoon in answer to a hurried summons and succeeded in arresting one of the boys. The call for the sheriff came when the men were seen to go to the Killam house. Thomas Coultas and Scott Holmes hurried to the house and found one of the men trying to gain entrance thru a window, while another was coming from the cellar. All the men ran at sight of the two Markham residents and the sheriff and deputy arriving at about this time. Immediately started out after the thieves. After several shots had been fired, one of the men stopped and surrendered, but the others made good their escape.

Alfred Moss, the captive, stated that he is about eighteen years of age and that his home is in Detroit, Mich. He claims that he was not in the station but stayed on the track while the others went into the house. According to his statement he and his companions have been working in the Kansas wheat fields and are now on their way home. One of the boys is said to have worn a Western Union Telegraph coat and another an overseas army cap.

The only articles missing from the station were forty railroad tickets for various destinations.

TRAINED MEN NEEDED
IN THE U. S. ARMY

Uncle Sam Wants Trained Navy Men Back in the Service to Bridge Impending Gap in Personnel Which Threatens Efficiency of Fleet—Liberal Terms Offered.

Great Lakes, Ill., Aug. 5.—Uncle Sam wants his trained navy men back in the service to bridge an impending gap in personnel that threatens the efficiency of the fleet. Orders recently received by Rear Admiral Frederick B. Bassett, commander of the naval training station here, have detailed the terms under which reservists who have been released can be transferred to the regular navy, "duration of war" enlistments lengthened and certain regular navy men enrolled afresh, big gratuities, increased pay and furloughs are given men taking advantage of this offer.

"The terms are the most liberal ever offered to U. S. navy men," said Admiral Bassett today. They mean that trained sailors will get considerable hard cash, a good vacation and active service without necessarily being tied to long enlistment periods.

The instructions are based upon the naval appropriation bill passed by congress last month. Some 400,000 naval reservists alone are affected by the orders, of whom probably one third are residents of the ninth, tenth and eleven naval districts, the territory from which Great Lakes most of its men.

THE "BLUES"
Caused by
Acid-Stomach

Millions of people who worry, are despondent, have spells of mental depression, feel blue and are often melancholy, believe that these conditions are due to outside influences over which they have little or no control. Nearly always, however, they can be traced to an internal source—acid-stomach. Not is it to be wondered at. Acid-stomach, beginning with such well defined symptoms as indigestion, belching, heartburn, flat, etc., will, if not checked, in time affect to some degree or other all the vital organs. The nervous system becomes deranged. Digestion suffers. The blood is impoverished. Health and strength are undermined. The victim of acid-stomach, although he may not know the cause of his ailments, feels his hope, courage, ambition and energy slipping. And truly life is dark—not worth much to the man or woman who has acid-stomach!

Get rid of it! Don't let acid-stomach hold you back, wreck your health, make your days miserable, make you a victim of the "blues" and gloomy thoughts! There is a marvelous modern remedy called EATONIC that brings relief—sets your stomach to rights—makes it strong, cool, sweet and comfortable. Helps you get back your strength, vigor, vitality, enthusiasm and good cheer. So many thousands upon thousands of sufferers have used EATONIC with such marvellously helpful results that we are sure you will feel the same way if you will just give it a trial. Get a big 50-cent box of EATONIC—the good tasting tablets that you eat like a bit of candy—from your druggist today. He will return your money if results are not even more than you expect.

EATONIC
(FOR YOUR ACID-STOMACH)

Liberal Offer to Reserves.
Reserves electing transfer to the regular navy, according to the language of the order, receive the following:

"The same pay, rights, privileges and allowances in all respects as now provided by existing law for men regularly discharged and re-enlisted within four months upon expiration of full four years enlistment. This includes one month's leave, extra pay for re-enlistment, extra pay for citizenship, and four months gratuity pay. It does not include \$60 bonus nor transportation allowances of five cents a mile to a man's home."

Officers at the station explain that the extra pay for re-enlistment is \$1.36 a month and the extra citizenship pay is \$5.50 a month. The big item, however, is the four months' gratuity pay. They estimated that most of the reservists had attained ratings from around \$60 a month. They will rate therefore an average bonus of \$240 if they transfer back to active duty. Higher ratings would get a correspondingly increased amount. A chief machinist's mate, for example, who left active duty at \$83 a month, would be given \$332 reward for return to active duty and draw \$8.86 thereafter, landsmen and mess attendants, third class, received the lowest war pay in the navy, \$32.60 a month but reservists of those ratings who come back in can draw \$130.40 as a bonus and \$39.46 a month as regular pay.

How to Get the Extra Money.
Another point which the Great Lakes authorities emphasized is that only the unexpired portion of the enlistment or enlistment need be served to get this extra money. The reservists, for example, enroll for four years but as most of them entered in the spring of 1917 they would average less than two years active service if they select transfer to the regular navy.

The "duration of war" men get similar benefits by requesting extension for one, two, three or four years. Their gratuity or bonus, however, is to be a month's pay for each additional year. The regular navy men affected by the order are those who enlisted for four years between Feb. 3, 1917 and Nov. 11, 1918. Such men may, if they wish, change their enlistments to "duration of war" and then extend them one, two, three or four years, thereby getting the gratuities, allowances and extra pay given the "duration of war" men.

DESCRIBES TRIP ON
AMERICAN EAGLE BOAT

Correspondent Tells of Trip Across White Sea on Board American Eagle Boat—Vessel Demonstrated Its Seaworthiness.

ABOARD U. S. EAGLE BOAT on 3 in White Sea—(Correspondence of the Associated Press.)—American Eagle boats are now operating on dispatch service in North Russian waters.

Eagle Boats Nos. 1, 2 and 3, the first built of this type for the American government, arrived in Archangel after a 6,200 mile run under their own steam from the Atlantic seaboard and according to their officers, have more than made good.

Crews of the larger naval vessels are inclined to chaff the Eagle Boat men and call these craft the "tin lizzies" of the navy, but the officers of the Eagles are proud of their seaworthiness and efficiency.

Trip Made in Stormy Weather.
The Associated Press correspondent has just made a trip from Archangel to Kem across the White Sea, aboard the flagship of the little flotilla, and in this 16-hour run, in stormy weather, the flagship and the No. 1 had ample opportunity to show their seaworthiness.

In Archangel, at this season of the year, the weather has been almost tropical, and the American officers, who had expected to find the arctic frigid even in the eternal daylight days of June, were confronted, instead, with temperatures and sunshine that made white duck the prescribed uniform.

Encountered Gale and Snowstorm.
Two hours out of Archangel, however, at the entrance to the White Sea, the Eagles ran into a cold gale and snowstorm which set the light craft tossing and rolling and forced the crews quickly into their woolens and oilskins. However the Eagles kept ploughing along to their course, and arrived in Kem harbor none the worse for one of the worst batterings they have yet received.

With their two four inch, one three-inch anti aircraft gun, and machine gun anti-airplane battery, the Eagles might be expected to give a good account of themselves, say the officers, against submarines or any above the water craft of anything their size.

DECLARES GREEK ARMY
MURDERED TURKS

Writer on Eastern Affairs States that Greek Army of Occupation Murdered and Pillaged Turks in Smyrna—Declares Civilian Greeks Joined in Outrages.

LONDON. — (Correspondence of the Associated Press.)—The Greek army of occupation which landed at Smyrna a few months ago murdered and pillaged the Turks according to a letter published by Marmaduke Pickhall, a well-known writer of eastern affairs. The writer of the letter was described by Mr. Pickhall as "the reliable correspondent" but his identity was not disclosed.

The writer asserts that when the Greek army landed at Smyrna, Turkish troops had been ordered by the Turkish authorities to remain in their barracks and that the Greeks broke into places where Turkish officers were collected and shot down all who would not shout "long live Venizelos." Many were thus shot down according to the writer. The writer adds:

Turkish Army Doctor Murdered.
The Governor of Smyrna was dragged along the wharf and carried aboard a Greek ship. His wife was wounded and his house looted. The Turkish Chief of Staff was bayoneted in the face and thrown into the hold of the Greek cattle ship among the animals. The senior doctor of the Turkish army was murdered and his body mutilated. Fingers of Turkish men and women who wore rings were cut off wholesale. Houses were looted, women robbed of all their jewels.

"This was supposed to be an absolutely peaceful occupation in the interests of law and order. Greece had not even been at war with Turkey. In no case did the Turks show fight until they were attacked by the Greeks. The civilian Greeks joined with the invading soldiery in the work of murder and pillage. And the Allied Fleet acquiesced these proceedings, which which were made possible only by its presence."

A member of the House of Commons recently asked the government representatives whether it was true that the

Stop Itching Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying a little zemo ointment. Itching eczema is cured by a large bottle, \$1.00. Healing begins the moment zemo is applied. In a short time usually every trace of eczema, better, pimples, rash, blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dermal treatment for skin troubles. All druggists sell it. The E. W. Rose Co., Cleveland, O.

Greeks had massacred their prisoners in Smyrna in full sight of the Allied war ships. Sir Cecil H. Harmsworth, now secretary of Foreign Affairs replied that numerous Turkish officers and men lost their lives in that way but the Greek government, he said, regretted the affair and it was engaging the attention of the British minister to Paris.

NATURE'S MIRROR

When a woman is well and healthy—there's sparkle in her eyes, rose tint her cheeks and she's rich in blood. There's elasticity every movement and spring in her step. Look to every woman who has a sound health—but when she is allid, dull eyed, languid, she has no magnetism nor does she appeal to any man.

Such a change in feelings as comes to every woman who has a sound health—but when she is allid, dull eyed, languid, she has no magnetism nor does she appeal to any man. After suffering pain, feeling nervous, dizzy, weak and dragged down by weaknesses of her sex, eyes sunken, black circles around cheeks—such a woman is quickly restored to health by the favorite Prescription of Dr. Pierce. Hanged, too, in looks, for after using Dr. Pierce's Favorite Prescription the skin becomes clear, eyes brighter, the cheek unimp. It is purely vegetable and contains no alcohol.

Druggists sell it in tablets or liquid. Send Dr. Pierce, Buffalo, N. Y., 10c for trial package.

Back From Service

After eighteen months of strenuous work for Uncle Sam, Clarence Wolke at last has been permitted to return home. For the past year the government has relied upon him in the overhauling and repair of Liberty airplane motors. Stationed at the largest motor repair shop in France, Clarence turned out his work with a speed and exactness that surprised the experts.

Although always a mechanic, Clarence has gained such valuable experience abroad that he would not part with it for thousands of dollars. And now that he is back you will have the rare opportunity of his services for your own motor troubles. We are fortunate enough to have him stationed with us and you could not find a more convenient place to leave your car while having it overhauled. No matter what your automobile troubles may be bring them to us and we will guarantee you satisfaction.

Asserts New Discovery Brings Blessed Relief to Rose and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease.

And best of all this remedy costs almost nothing. Get a one ounce bottle of Mentholized Archie at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily sniff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work but oftentimes simple natural remedies are the best as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of Dr. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Kind You Have Always Bought

THE CENTAUR COMPANY, NEW YORK CITY

HAS UNIQUE TITLE

Sinrok Mary Reindeer Queen of Alaska.

Appellation Accorded Her Through Ownership of Herds of Valuable Animals—Loved Throughout Territory for Generosity.

Coal barons, merchant princes, cattle kings—we are all familiar with the figurative aristocracy of wealth; but more picturesque and unusual is the title popularly accorded to Sinrok Mary, the reindeer queen of Alaska. Mary's career, as it is related in the Sunset Magazine, is one unique in the world of business and philanthropy.

In 1893 Mary Antisarok, half Russian, half Eskimo, was a round-faced, bright-eyed, sleek-haired young woman, pretty—we have her own innocently frank word for it—and a bride. The government had just decided to import reindeer from Siberia to Alaska and had sent Lieutenant Berthoff, in the revenue cutter Bear, to negotiate the purchase. He needed an interpreter, speaking both Russian and Eskimo, and Mary was engaged. She was glad of the opportunity, but unwilling to leave her husband; so he was engaged, too, as a sort of odd-job man aboard; but Mary was the recognized head of the Antisarok firm. She made herself intelligently and successfully useful among the natives with whom it was necessary to deal, and on returning to Alaska she was well paid with a goodly number of reindeer.

These animals were the origin of a herd that flourished and increased amazingly, and became, indeed, several herds. Mary is now raising deer enough to supply thousands of consumers; and reindeer meat is tender, palatable and delicious, so much so that, but for the difficulties of transportation, it would probably become a staple food throughout the country. Mary is a rich woman, but she lives simply in a cluster of cabins, perched upon a rocky promontory thrusting seaward, fringed with ever-beating surf.

It is common knowledge throughout Alaska that no one was ever refused food and lodging at Mary's cabin; it is also known that, although open-handed and free, she is a shrewd bargainer and possesses remarkable commercial sagacity. Few traders, if any, have been able to get the advantage of her in a business deal. There are those in her employ who at times complain of her as a harsh mistress, for in business she expects everyone to live up to obligations and is so strict in that regard that it is hard at times to reconcile this severity with her natural attitude of easy generosity. But with Mary business is business, and philanthropy is quite another matter.

Toward the hungry, the helpless and little children her tenderness is un-failing and her bounty lavish. She has no children of her own, but she has adopted a numerous family—not a pretty baby or two, carefully selected for health and charm and promise, but such forlorn, abandoned and neglected waifs and strays as came under her notice in a remote and lawless zone. There are all races and colors, declares her biographer, Nona Marquis Snyder, but Mary is mercifully color-blind! She gives them all a mother's care in so far as she is capable, educates them after a fashion and, when they drift out of the home eddy into the greater life current, she sees the boat well provisioned.

One deed of generosity will never be forgotten in Alaska. In 1898, only five years after the founding of her herd of reindeer, word came that more than four hundred whalers had been caught in the ice packs of Point Barrow and were slowly freezing and starving. They were five hundred miles away from Mary Antisarok's snow-covered cabin; they were many more miles distant—and miles of the northern wilderness, icy, rocky, storm-swept and terrible—from sources of civilized supply. Quite simply and as a matter of course, Mary, reserving only a few head for domestic necessity, started her whole herd of reindeer northward to the rescue. She received no personal appeal, asked no advice, awaited no instructions, made neither bargain nor effort to protect her interests. She saw her chance for first aid, and gave it, instantly and wholeheartedly.

Later, the government replaced the sacrificed deer with interest and gave her the thanks she deserved. But since that day it is for more than her business ability that the reindeer queen is respected throughout Alaska—Youth's Companion.

Railroad Supersedes Camel.

The modern Ethiopian travels from Jerusalem to Gaza on the way to his home country, far up the Nile, by railroad train. Reports from Palestine indicate that since the British occupation of the country Gaza, the chief city of the Philistines in Old Testament days, and the scene of Samson's exploits, has become an important railroad center, the broad-gauge railway having been extended from Gaza to a point 50 miles to the northward, and the old Turkish line from Ludd to Jerusalem, as well as the recently constructed branch line from Gaza to Surar junction, having been restored and put in operation.

The Way of It.

"I was held up by a woman once who was too well supplied with arms for me to resist her."

"Was she a professional footpad?"

"No, she was my nurse when I was a kid."

THE BETTER MAN

By MARY PARSONS.

(Copyright, 1918, by McClure Newspaper Syndicate.)

"Barbara, dear, I'm so mixed up. I don't know what in the world to do—please help me!"

"What's the trouble, now, child—is it Sam or Charley?"

"Neither—I mean both. I don't know which I'm in love with. I think it's Sam till Charley comes to see me, and then he is so good looking—just like a collar ad—and he looks at me so deeply—you know how I mean—that I think I'm all wrong again and it must be he. He's ever so much more popular with the girls, too. Now, Sam never says any of the nice little things Charley does, and he's ever so blunt sometimes, but somehow I don't know. I'm not sure, but I think Sam is the better man. You're older and wiser than I am, Barbara; tell me why you admire Sam more. I've always thought you did whenever I talk about them, but you've never said anything. Please tell me."

The older girl got up and walked over to the window. For a moment she did not say anything. Then she sank into a seat with a little sigh.

"Polly, child there isn't anything in the world I know against Charley—it wouldn't be fair to say there was, for he may care for you even more than I think he does—but I'm going to tell you a little story, if you have time to listen."

"Of course, Babs," assured Polly, setting her attractive little person into a perfect nest of cushions.

"Once upon a time," began Barbara, "there was a girl—not a beautiful girl—just a bright, frank, cheerful girl, with a sense of humor and lots of friends. She liked men sincerely, but she was neither very susceptible nor very foolish, and she had seen something of life."

"There was one man she had known for a long time, and she always admired and liked him tremendously."

"So they went out together, danced together and talked together, and he was very nice to her. She found that she could talk to him as she had never been able to talk to anyone before, and he always seemed to understand. She began to value his friendship, above all her other friends, and to depend on his help and advice in many little things. He liked to help her, and as the months passed they grew to be better and better friends, with a clearer understanding of each other than they had ever had."

"Then, she went away for a long visit. And he almost made her believe that he would really miss her badly—and she was very glad."

"And she wrote to him naturally, as a child would write to a very favorite uncle or a dear kind friend who was older and wiser than she, long, newsy letters about all the daily happenings—and she dearly loved to write to him."

"He wrote to her twice; then there was a long lapse. Then, a third letter came which might have been written to an utter stranger with perfect safety—air and weather being the main topics. This was after she had impulsively written to him for help and sympathy over what seemed to her a very great trouble, and he had failed her—dismally failed her. She wrote to him once more, but she never sent the letter. She could not thrust her friendship upon him if he did not want it."

"And though she was bound to meet him and did not wish to obviously avoid him, she did not need to, for he showed no desire for any sort of a meeting and flitted about among the girls as he had probably always done. And she tried always to be fair to him and not to judge him—she liked to remember him rather as a friend who had died than one who had ceased to value her friendship—she simply could not understand. That's all I know about Charley and it's two years ago—he's probably forgotten all about it long ago."

"That's all, Polly dear. It isn't much of a story, but I thought I'd tell it to you. Somehow, from my own standards, it doesn't seem to me as if a man who would hurt anyone so cruelly, so blindly and with such utter indifference, could measure up to quite the same standard as a man like Sam, who is fair and square in everything he does."

Polly sat still for a long time after Barbara stopped talking.

"Thank you for telling me the story," she said at last.

A maid came to the door with a telegram. Polly glanced at the address, seized it and tore it open hastily. In a moment the paper dropped to the floor.

"It's from Sam," she gulped, "and he's going to the front, and he wants me to tell him before he goes—he won't let him off to come himself—oh, dear, it's terrible!"

"What are you going to write to him?"

"Write to him!—why, I'm going to that camp tonight—just as fast as I can pack mother's bag and my own; and I'm going to marry him tomorrow if they only let me see him for five minutes. I haven't any choice in the matter—there never was! I see it all now as plain as the nose on my face—he's the better man, the best man—the very best man in the world as far as I am concerned, at least, and I ought to have known it all along. Kiss me, Barbara; I'll have to hurry. When you see me again I'll be Mrs. Sam! Good-by, dear—I'll have to break the news to mother—good-by!"

COAL SHORTAGE ON WAY; GOVT. SAYS BUY NOW

May Be Repetition of 1917-18
Conditions Next Winter Says
Geological Survey.

MINES IDLE WITHOUT ORDERS.

Those Who Delay Ordering
Longer May Not Get Their
Fuel Later On.

The United States Geological Survey announces from Washington the probability of another general coal shortage next fall and winter. The announcement is based, the Survey states, upon a nation-wide study of conditions in the bituminous field. Unless steps are taken at once, the Survey says, to place the mines upon a basis of increased production there is every prospect of a repetition to some degree of the situation that prevailed in the United States during the winter of 1917-18.

The only way production can be stimulated at the present time, it is said, is by placing orders with the mines for coal which will be needed later on. "Production during the first five months of the year," reads the statement, "fell 57,292,000 net tons, or approximately 25% below production during the first five months of 1918. Mines are producing coal now at the rate of from 8,000,000 to 8,500,000 tons a week. An average output of 10,700,000 tons a week must be maintained from June 1 to January 1 next if the country's estimated needs of 500,000,000 tons this year are to be met."

Evil of Delayed Orders.

At no time during this year has the rate of production approached the required tonnage. The tendency on the part of buyers to hold off placing their orders is limiting production, as the mines cannot store coal at the point of production, and when the rush of orders for the winter's needs comes next fall there is grave danger that the mines, with depleted labor forces and the probability of less adequate transportation, will be unable to meet the demands. The result of such a situation would be an insufficient supply for the requirements of domestic consumers, public utilities and industrial users generally.

"It is believed that requirements for this year," reads a Survey statement to Fuel Administrator Garfield, "will be about 530,000,000 tons of bituminous coal, of which approximately 30,000,000 tons have been used from stocks accumulated last year, leaving 500,000,000 tons to be produced. Of this 500,000,000 tons 178,000,000 tons were produced during the first five months, leaving 322,000,000 tons to be produced in the remaining 30 weeks, or an average of 10,700,000 tons a week."

"Thus far this year production has been at the rate of 8,200,000 tons a week. In 1918 production was at the rate of 11,300,000 tons a week."

"This production will be difficult of accomplishment. The capacity of operating mines at the present time with labor now on the payroll is about 10% lower than it was last year. This deficiency may be made up in part or wholly if the mines have orders sufficient to run them five or six days a week unless the threatened exodus of foreign-born labor occurs."

May Be Car Shortage.

"Present wage agreements between operators and miners expire with the proclamation of peace by the President. A suspension of mining operations while a new wage agreement is being negotiated would, of course, seriously interfere with the production of coal and if it should occur during the fall would cause a panic among buyers and consumers of coal."

There is no use in gambling upon this or any other contingency, fuel administration officials say. The firm or individual who wants to be sure of an adequate coal supply next winter can be certain by buying coal now. There is no other way such assurance can be obtained. Transportation also promises to be a limiting factor if the flood tide of demand comes at a time when the country's record crops are being carried. In some districts it would appear certain that, notwithstanding the utmost endeavors of the Railroad Administration and the utilization of its experience last fall, car shortage will be a cause limiting bituminous coal production, and for that reason it is problematical whether the expected production of 500,000,000 tons can be attained this year.

Shortage of labor already is a factor that is cutting down the output in some coal producing sections, according to the Survey's report. The operators report that from 36,000 to 40,000 foreign-born miners expect to return to Europe as soon as they can get passports and that many have already returned. If continued this movement will be capable of producing but one result—a reduction of the amount of coal mined in districts where the mine labor is largely foreign-born, and there are many such districts.

He who needs coal should hesitate no longer. Now is the time to buy coal.

Build Permanently

Your purpose in having anything made of concrete is to build the structure for PERMANENCY.

Yes; S. S. S. Is Purely Vegetable Nature's Safe Blood Treatment

Known for 50 Years as the
Best Remedy for Rheumatism,
Catarrh, Scrofula,
Skin Diseases.

Scientists have discovered that the forest and the field, are abundantly supplied with vegetation of various kinds, that furnish the ingredients for making a remedy, for practically every ill and ailment of mankind. Medicines made from roots, herbs and barks which Nature has placed at the disposal of man, are better than strong mineral mixtures and concoctions. Mineral medicines work dangerously on the delicate parts of the system, especially the stomach and bowels, by eating out the lining membrane, producing chronic

dyspepsia and often entirely ruining the health.

S. S. S. is made entirely of gentle acting, healing, purifying roots, herbs and barks, possessing properties that build up all parts of the system, in addition to removing all impurities and poisons from the blood. S. S. S. is a safe treatment for Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Blood Poison and all disorders of the blood. It cleanses the entire system and it's permanent. Get S. S. S. at any drug store today. It is a standard remedy recognized everywhere as the greatest blood antidote ever discovered. If yours is a peculiar case write to Medical Director, 442 Swift Laboratory, Atlanta, Ga.

Globe-Democrat

With the Beautiful New Feature

Artgravure Section

More pictures - Better pictures

The Greatest Photographic Spread Ever Issued by a St. Louis Newspaper

*Eye News-
Artgravure
News in Pictures*

You see the news, not merely read it, in the St. Louis Sunday Globe-Democrat's Artgravure Section—marvelous photographs that lay the news before your eye

Actions speak louder than words. Pictures of action speak plainer than print—show you life “to the very life.”

Eye-News takes you right there, makes you a witness of things worth seeing—world-events, the interesting doings of people, the moving drama of life.

Life moves faster than print, but not faster than photography.

We are all children when it comes to pictures—we all love to look at pictures, especially photographs—especially photographs of marvelous perfection that show life like a perfect mirror. That's what the St. Louis Sunday Globe-Democrat's Artgravure Section does. It represents the newest and highest development of photographic art and reproduction, the newest feature of pictorial journalism, and the greatest photographic spread ever issued by a St. Louis newspaper.

*More Pictures
Better Pictures*

The great modern newspaper is fast getting to be more and more of a picture book for grown-ups. *The Globe-Democrat stands foremost in the new development.* The greatest of Sunday Metropolitan newspapers, it mirrors life to the fullest possibility in the completest news and the most comprehensive photographic treatment—it looks to the comfort, the convenience, the time, the pleasure and entertainment of its readers. Instead of a heavy burden that makes a dull and tiresome Sunday, a Sunday Globe-Democrat brightens the day with an hour of delight.

It is new, different, distinctive, better—it speaks for itself.

Read it next Sunday—and every Sunday. Order today from your dealer or carrier.
